1. An amendment & response have been filed on November 24, 2003 and January 15, 2004.
2. Claims under examination are still 14-43
3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
4. Claims 1-34 and 36-43 are rejected under 35 U.S.C. 103(a) as being unpatentable over Letoffe et al (US 4532315).
5. Claim 35 is rejected under 35 U.S.C. 103(a) as being unpatentable over Lettoffe (US 4532315) as applied to claim 1 above, and further in view of Hayashi et al (US 5328941) or Takahashi et al (US 6239246).

Place refer to earlier Office action of July 22, 2003, items 3 & 4 for this rejection. Also please note the inadvertent typing errors in those rejections that have been now corrected here.

6. Applicant's arguments filed November 24, 2003 have been fully considered but they are not persuasive.

Applicants' statement that "Letoffe uses sufficient quantities of alkali or alkaline earth metal hydroxide" (p.8 of above response) is not persuasive because Letoffe suggests using as low as 0.01 part in the composition (see Letoffe, col. 2 line 38).

MR Applicants refers to examples of Letoffe. It should be noted that examples only illustrate the claimed invention. They do not limit the invention.

Additionally instant claims fail to exclude additional ingredients, which may be hydrophilic in nature. In arguing against the examiner rejections, the applicants have put forth only statements without any supportive experimental data.

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
